You are also entitled to ask your FSP to provide a statement of your holdings at any time.

You should consider the following points before engaging in extended hours trading. "Extended hours trading" means trading outside of "regular trading hours." "Regular trading hours" generally means the time between 9:30 a.m. and 4:00 p.m. (United States of America) Eastern Standard Time

- (a) **Risk of Lower Liquidity.** Liquidity refers to the ability of market participants to buy and sell securities. Generally, the more orders that are available in a market, the greater the liquidity. Liquidity is important because with greater liquidity it is easier for investors to buy or sell securities, and as a result, investors are more likely to pay or receive a competitive price for securities purchased or sold. There may be lower liquidity in extended hours trading as compared to regular trading hours. As a result, your order may only be partially executed, or not at all.
- (b) **Risk of Higher Volatility.** Volatility refers to the changes in price that securities undergo when trading. Generally, the higher the volatility of a security, the greater its price swings. There may be greater volatility in extended hours trading than in regular trading hours. As a result, your order may only be partially executed, or not at all, or you may receive an inferior price when engaging in extended hours trading than you would during regular trading hours.
- (c) **Risk of Changing Prices.** The prices of securities traded in extended hours trading may not reflect the prices either at the end of regular trading hours, or upon the opening the next morning. As a result, you may receive an inferior price when engaging in extended hours trading than you would during regular trading hours.
- (d) **Risk of Unlinked Markets.** Depending on the extended hours trading system or the time of day, the prices displayed on a particular extended hours trading system may not reflect the prices in other concurrently operating extended hours trading systems dealing in the same securities. Accordingly, you may receive an inferior price in one extended hours trading system than you would in another extended hours trading system.
- (e) **Risk of News Announcements.** Normally, issuers make news announcements that may affect the price of their securities after regular trading hours. Similarly, important financial information is frequently announced outside of regular trading hours. In extended hours trading, these announcements may occur during trading, and if combined with lower liquidity and higher volatility, may cause an exaggerated and unsustainable effect on the price of a security; and
- (f) **Risk of Wider Spreads.** The spread refers to the difference in price between what you can buy a security for and what you can sell it for. Lower liquidity and higher volatility in extended hours trading may result in wider than normal spreads for a particular security.

If you become a client, **PCL will not provide you with any personal advice in respect of any security trade or any of your security holdings or any financial product or matter**. PCL will only provide limited general advice. Please also refer to our Terms & Conditions in Trading in International Securities.

The purpose of this Financial Services Guide ('FSG') is to help you decide whether to use any of the service arrangements your Financial Services Provider ('FSP') has in place with Phillip Capital Limited ("PCL"). It aims to provide sufficient information for you to make an informed decision about using our limited execution and settlement services only. Our services, and the financial products they cover, can be complex and subject to special regulations impacting how the services are to be provided. That's why this FSG describes them in some detail. The FSG **is important and should be read and filed for later reference**. Should you wish to discuss the services described in more depth, please contact your FSP.

This FSG contains information on investment risk, interests of ours which may conflict with yours, and remuneration/benefits payable to PCL and others if you use our services. Charges, commissions or fees not listed in the body of this FSG are listed, and available at www.phillipcapital.com.au. It explains the protection of, and why we need and how we use, the personal information your FSP provides to us or that you may provide to us, about you if our services are used.

To open an account with PCL you have to complete and sign our Online Intermediated Client Account Form ("IC Account Form"), which is available from your FSP, or our website at www.phillipcapital.com.au. Unless you have already received the applicable Disclosure Document, one will accompany the issue or sale of a financial product. The Disclosure Document is an important document. It sets out the information you need so as to make an informed investment decision about whether to acquire the product. In the case of exchange traded derivatives, a PDS will accompany their issue. Issues or sales of securities which aren't market traded are also accompanied by a Disclosure Document. It is important to note that PhillipCapital does not provide advice in relation to the services stated in this FSG.

Important. Under our services as stated in this FSG, PCL will NOT provide you with any Personal Advice (see Section H) but will provide limited General Advice (see Section G). We will not provide Advice about whether a product is a suitable investment for you personally. ALL our advice will be General Advice (see Section G), which is limited to Clients having access to research or model portfolios. .

A. Who are we?

Phillip Capital Limited ("PCL") is licensed by the Australian Securities and Investments Commission ('ASIC') under the Corporations Act as an Australian Financial Services Licensee 246827, and is a Market Participant of ASX Limited (ASX) and Cboe Australia Pty Ltd (Cboe), and a Settlement Participant (Sponsor) of the ASX Limited ('ASX').

PCL is part of the Phillip Capital Australian group of companies (PhillipCapital), which also comprises Phillip Asset Management Limited (ABN 94 064 847 669, AFSL No 246848) (PAM).

Australian Clearing and Settlement Services

PCL has engaged the services of a regulated clearing and settlement participant ("CSP") to provide clearing and settlement services in relation to orders for the purchase and sale of securities listed on licensed Australian markets which are placed with PCL.

Global Markets Execution, Clearing and Settlement Services

PCL has an agreement in place with Phillip Securities Pte Ltd ("PSPL"), a related company based in Singapore, to provide execution facilities across 16+ global stock exchanges, and to provide and to act as International Custodian to settle and hold International Securities on Clients' behalf.

B. Who will be providing the services to you?

PCL is a full-service stockbroking firm which provides services to a range of clients, including specialist services to Financial Service Providers ("FSP"). We supply FSP's with bundled transaction execution and settlement services, with supporting research and other stock market advice (more on this in Section F). Our services amount to outsourced Dealing Desk and Research Department infrastructure for FSP's.

The FSP you have chosen holds (like us) an Australian Financial Services Licence ('AFSL') with the necessary financial services/product authorisations to use our services on your behalf. PCL has a comprehensive and direct 'wholesale' service relationship with your FSP. You have a direct, primary relationship with your FSP, and a secondary relationship with us for the purposes of execution and settlement of trades only.

If your FSP deems it appropriate for you to transact and hold a listed financial product, our execution and settlement (i.e. our dealing) infrastructure is used. An account will be established at PCL and CSP (if dealing in Australian securities) in your name, depending on the services we have agreed to provide your FSP. You will have to fill out, sign and return our IC Account Form, which will be submitted by your FSP.

You may also have to sign and return certain prescribed product-specific agreements (e.g. the ASX Warrants Client Agreement), and receive

prescribed Explanatory Booklets or other documentation, such as, **PCL** Exchange Traded Options Product Disclosure Statement (PDS) before **PCL** can accept any orders from your FSP for the product(s).

Our advisory and research services are subject to different arrangements. They are provided directly to your FSP for their reference and support when researching recommendations for you in relation to market-traded products (but sometimes it may be passed on to you – see Section F).

Therefore, the client relationship we have with you is limited to dealings conducted on behalf of your account in accordance with the order instructions provided to us by your FSP, following your consultation with them.

Who do we act for when providing services?

When providing our services, we will be acting as your agent, as instructed by your FSP (who is also your primary agent) on your behalf. At times, we may even be acting as agent for another client who is the counterparty to your transaction (e.g. a sale of shares on market between clients). We may also accumulate and price-average a number of transactions on one Confirmation. Your consent to these scenarios is granted when you sign the acknowledgements, authorisations and consents in our IC Account Form.

From time to time **PCL** may enter into a Market Transaction with its Clients as Principal (as defined in the Market Integrity Rules). When trading as Principal, and where permitted by law, **PCL** will charge the Client the same rate of brokerage that it would charge the client on non- Principal transactions.

Our advisory services are provided only to your FSP.

C. What financial services can we provide?

Although, **PCL** will not provide you with any personal advice in respect of any financial product, **PCL** is authorised by its AFSL to provide Personal advice and General Advice to Wholesale and Retail Clients for, and to deal in financial products, including the following:

- basic and non-basic deposit products (e.g. bank accounts), and retirement savings account ('RSA') products;
- securities both Domestic and International (e.g. shares,) and exchange traded derivatives,
- debentures, stocks or bonds issued or proposed to be issued by a government;
- foreign exchange contracts;
- interests in managed investment schemes (whether listed or unlisted managed funds), including WRAP/Master Trust services; and
- underwrite issues of securities
- superannuation products.

By '*advice*' we mean a recommendation or opinion, written or verbal, about an investment product or strategy. The important difference between General and Personal Advice is explained in Sections F, G & H. By '*dealing*' we mean acquiring and disposing of products on behalf of clients (see Section E).

We are also authorised to provide custodial services, but they are usually incidental to our dealing services.

Being a Stockbroker, **PCL's** services focus on financial products traded (i.e. they are listed or quoted for trading) or to be traded (i.e. they will be listed or quoted shortly) on 'live' recognised markets such as those operated by the ASX, Cboe, Hong Kong and Singapore.

PCL also provides advisory and dealing services in relation to other unlisted products. For further details on our services please refer to your FSP.

D. Terms & Conditions applying to our services

All Listed market dealings are subject contractually to the comprehensive Services Agreement we have with your FSP and the acknowledgements, authorisations and consents you agree to when you sign our IC Account Form.

You should read our IC Account Form which includes our Terms & Conditions and the documents provided with the Application carefully before signing. The Agreement between **PCL** and your FSP ensures all the necessary market related services are available to support the services your FSP provides directly to you.

E. More about our dealing services...

PCL has adopted a policy in relation to its best execution obligations under the ASIC Market Integrity Rules (Securities Markets) 2017 (MIR).

Our Best Execution Policy is available at www.phillipcapital.com.au.

Primary Market

From time to time, **PCL** provides your FSP with access to investment opportunities made available by an issuer rather than someone selling on market. These involve applying for, or redeeming, financial products. Your FSP can assist you make applications for Initial Public Offerings (IPOs) and other new issues of securities (e.g. shares) or interests in managed investment schemes (e.g. equity trust units). We can assist your FSP arrange applications or redemptions.

Secondary Market

Secondary Market transactions are dealt on market, meaning with ASX, Cboe, Singapore and other globally recognised markets. The financial products have already been issued.

Before using our dealing services for the first time, we require your FSP to substantiate your identity and to confirm settlement arrangements.

PCL has immediate access to certain Markets when they are open, to their order execution and transaction settlement platforms. Subject to the relevant dealing and settlement regulations, **PCL** will accept and transact orders placed by your FSP, on your behalf, and will facilitate settlement.

There may be circumstances in which **PCL** will not be able to accept order instructions, but they are most unlikely, and we would give your FSP reasons for not doing so and where we can assist with alternative arrangements.

A Confirmation will be despatched directly to you via the email address nominated by you on the IC Account Form, following execution of a market transaction. It confirms the detail of the transaction, the contractual terms and conditions which applied to the transaction, and also serves as a Tax Invoice. Your FSP will also receive a copy of your Confirmations as part of the agreement between your FSP and **PCL**.

For ASX and Cboe traded products, we urge you to have us CHESS sponsor your holdings (i.e. select CHESS Sponsorship in our IC Account Form). This service has many advantages and minimises the risk of failed settlement of sell transactions, which incurs additional fees.

Your FSP must instruct us in certain ways

As time is of the essence, orders will be received from your FSP via an approved platform or by telephone. **PCL** may also accept instructions by fax or email.

Notifications and instructions in relation to important matters e.g. change of your address must be provided to us in writing, signed by you.

Market Transactions may be cancelled by ASX

ASX has the power, when Market integrity is at stake as a consequence of a trading error, to cancel or amend a market transaction (or reinstate an order) which has been executed. Cancellation of an executed transaction would mean the loss of the benefit of the market price and other entitlements flowing from the transaction. Amendment of a transaction may have a similar impact. You would not be entitled to any compensation from us or ASX.

Settlement details

PCL will not, and is not obliged to, settle in 'hard' cash. We will not pay you in cash and we will not accept cash from you directly, unless payment is made electronically.

In the case of transactions executed on ASX and Cboe Markets, funds (i.e. cheques or direct deposits), documents (e.g. share certificates, prescribed statutory declarations) or sponsored holdings must be available to **PCL** by the time and date specified on the Confirmation, and in accordance with the terms and conditions of our Services Agreement with your FSP.

Brokerage, commissions and fees charged will be detailed in your Confirmation and are to be paid directly to **PCL**.

In the case of transactions executed on Global Markets, you must have clear funds available to **PCL** in your nominated bank account or relevant foreign currency held under custody at the time an order is placed, in accordance with the terms and conditions of our Services Agreement with your FSP and the Terms & Conditions provided to you.

PCL reserves its right to refuse to complete an order in circumstances where you have not met your settlement obligations.

Transactions executed on Global Markets are not covered under the Australian Guarantee Fund (NGF).

Unlike transaction executed on the Australian markets, you will not receive physical delivery of International securities you purchase. To facilitate settlement in Global Markets, PSPL will act as Custodian to settle and hold

International securities on your behalf. Details of your holdings will be available electronically either on **PCL's** or your FSP's portal within 36 hours

of settlement date as specified on the Confirmation. You are also entitled to ask your FSP to provide a statement of your holdings at any time.

Please refer to **PCL's** Trading Terms and Conditions contained within the Intermediary Client Agreement via your FSP.

Foreign currency facility

PCL will provide all clients who transact on global market a foreign currency facility.

Unless you or your FSP provide instructions to the contrary, all proceeds of sales of International Securities executed by PSPL on your behalf will be held in the domestic currency received within Custody.

Should you wish to convert any foreign currency into AUD, you or your FSP must provide PhillipCapital with written instruction. Once we receive your instruction, **PCL** will convert the relevant currency to AUD and pay the proceeds to your nominated bank account.

You will receive a foreign currency ledger balance for each currency held in custody on your behalf daily via a medium agreed with your FSP.

It is important to note that any foreign exchange rates displayed on the portal or ledger balance are indicative only and subject to change, so you should speak with your FSP or adviser to seek further information.

Interest on Trust Account Balances

Regulations and settlement processes require us to hold your funds in Trust Accounts. For International trading, Regulations allow us to hold your funds in Trust Accounts outside Australia for limited periods.

F. More about our advisory services...

'Advisory services' means recommendations or opinion, whether in written or report form or provided verbally, that are intended to influence a person in making an investment decision. 'Advice' falls within one of two categories, either General Advice or Personal Advice.

Your FSP will provide you with advice and give you the relevant risks and disclosures.

Personal Advice (see Section H) is advice given to a person in circumstances where consideration has been given to whether the product is personally suitable in light of what is known about one or more of the person's objectives, financial situation and needs, or where it might reasonably be expected one or more of those matters has been considered. General Advice (see Section G) is strictly limited to an assessment of the investment and/or other merits of the product itself.

In technical terms, our advice will only ever be General Advice and will be limited General Advice. **PCL** will never provide Personal Advice to you.

The fact that you may see our General Advice (e.g. research or Model Portfolios) does not mean we are providing advice tailored to you personally or that we have an ongoing advisory service relationship with you directly. Your FSP has that role and responsibility.

Your FSP has engaged **PCL** to provide research services covering a range of financial products, market traded and unlisted. Our market intelligence and financial product knowledge assists your FSP identify financial products that may be personally appropriate for your financial plan.

Our research and other support services fall within the category of General Advice.

What are the limitations of research, newsletters and other opinions we provide?

Research and other General Advice presents the opinion of specialist analysts, and the assumptions on which that opinion is based means that forecast performance cannot be guaranteed. Past performance is not a reliable indicator of future investment performance. A recommendation or rating may only be valid for a limited time and is often subject to movements in market price.

Just because you see that a product is recommended or rated in a report or a newsletter as a 'buy', 'sell', 'hold', 'accumulate', 'underweight', 'overweight', 'neutral', 'out-perform' or 'under-perform' does not mean that recommendation is appropriate for you specifically.

You must consult your FSP before acting on any report or recommendation presented in a newsletter or any other form.

G. General Advice

General Advice is a rating or assessment based solely on the attributes of the financial product, the portfolio or investment strategy alone without considering whether it is also appropriate for someone's financial circumstances.

General Advice includes research reports and newsletters. It may also be provided verbally. You must not assume that **PCL's** research recommendations or ratings are appropriate for you personally. The process of profiling a client's circumstances and objectives is not relevant in relation to General Advice. General Advice may be derived from fundamental analysis (i.e. analysis of financial reports) or technical analysis (patterns in market trading and price-movement behaviour).

General Advice will be accompanied by the warning that the advice is not a recommendation that a particular transaction is personally appropriate for any particular person, and that you will need to consider (guided by your FSP) whether acting on the advice is appropriate in light of your financial circumstances.

If a Disclosure Document or PDS is relevant for the product recommendation, the warning will also highlight the need, before making a decision to invest, to ensure you read and carefully consider the PDS.

The fact that you may see our General Advice (e.g. research) does not mean we are providing advice tailored to you personally or that we have an ongoing advisory service relationship with you directly. Your FSP has that role and responsibility.

H. Personal Advice

Personal Advice recommends a product as being appropriate for a client personally, following consideration of their personal financial circumstances and investment objectives.

Your FSP, not **PCL**, will provide this category of advice.

A Statement of Advice ('SoA') is only relevant in the context of Personal Advice, not Product Advice. You will never receive SoAs from **PCL**.

I. What about the matter of 'Investment Risk'?

By 'risk' we mean the possibility that you will suffer some financial harm by investing. Your preparedness and capacity to carry a particular level or type(s) of risk in pursuit of your investment strategy is a fundamental element of your financial circumstances.

This is a matter for you and your FSP to discuss in detail. Risk must be considered when developing or reviewing your overall investment and wealth-creation strategy.

In general, all investments have associated risks. In general, the higher the return, the higher the risk to your investment. Two age-old rules should always be kept in mind. Firstly, diversify your investments to spread rather than compound risks; and secondly, do not imprudently leverage yourself financially. You should have a long-term outlook, expect investment markets to rise and fall, and consider how your need for investment growth or income may change.

Exchange traded options (ETO)

ETOs carry significant risks and are not suitable for all investors. Depending on the options strategies used, you could lose the entire amount of collateral lodged. You should ensure you understand these products fully before deciding whether or not to invest in them. You must read and understand the Phillip Capital Limited Exchange Traded Options Product Disclosure Statement before commencing trading in ETOs.

The remuneration of **PCL's** adviser is only paid where permitted by Future of Financial Advice laws; for example, under a payment arrangement that is allowed under transitional provisions or where a client consents to and directed that the payment be made. The remuneration is determined by all revenue attributable to the adviser.

The range of our transactional charges

Securities quoted for trading on markets

Brokerage rates are negotiable and will be agreed with your FSP prior to the execution of a transaction on your behalf.

Brokerage charged on each purchase or sale on an Australian market exchange or foreign market exchange is calculated as a percentage of the dollar value of the transaction plus goods and service tax (GST) subject to an agreed flat minimum fee.

Brokerage Example: If the amount transacted is \$10,000 and the brokerage rate is 1%, the brokerage will be \$100.00 plus GST \$10.00 being a total charge of \$110.00.

For a **purchase**, the brokerage, together with any applicable duty or tax, is added to the transaction value and the total is the overall consideration due to **PCL**. For a **sale**, the brokerage, together with any duty or tax payable, is deducted from your proceeds.

Fail Fees and Late Payment Charges

If you fail to settle a transaction by the time and date shown on the Confirmation you will be charged a processing fee in addition to charges detailed below:

Sales: If you fail to settle a sale by the time and date shown on the Confirmation you will be charged "fail fee".

To reduce the cost of fail fees charged by ASX, CSP will attempt to borrow the stock to cover settlement, in this case CSP fail fees will apply. (See below), Ultimately, the unsettled position may be bought-back at your risk and expense.

Please note if you are assigned on a Call Option(s) and you are not the registered holder of the underlying security in CHES prior to assignment this may result in a failed settlement and incur a fail fee. Ultimately, the underlying security may be bought-back at your risk and expense.

Purchases: If you fail to settle a purchase transaction in full by the time and date shown on the Confirmation, you could be charged a funding cost depending on the transaction type or size of the transaction, ultimately, the holding may be sold-out in the market at your risk and expense.

Please note if you are assigned on a sold Put Option(s), and you do not have sufficient funds in your linked bank account to settle the underlying long security position, this may result in a failed settlement and/or funding cost.

Any funding costs will be advised to your FSP at the time of the trade.

For further details of all fees, please refer to the Fee Schedule.

International Dividend Fees

If you receive a dividend on an International financial product you will be charged the following fees:

Dividend Fee: PCL Dividend processing fees will be charged on all dividends we process and rounded up (RU) to the nearest cent and deducted from the net dividend received;

USD Final Dividend Received	\$ 582.00

PCL reserves the right to charge Foreign Fees to clients holding the applicable financial products.

Your FSP will be able to provide you with an annual fee report upon request.

For further details please refer to the Fee Schedule.

International Pass-Through Fees (Foreign Fees)

If we maintain positions in American Depository Receipts (ADRs) on your behalf, you should note that such securities are subject to periodic fees intended to compensate the agent bank providing custodial services on behalf of the ADR. ADR fees are generally charged by Issues when the following occurs:

- Cancellation, Stock consolidation or split;
- New ADR issued either via Share Dividend or Stock split; and
- Management Fee-generally charged once a year.

PCL reserves the right to charge Foreign Fees to clients holding the applicable financial products. For further details please refer to the Fee Schedule.

Other Fees

Fees prescribed by the ASX or other exchanges, including failure by you to settle on the due date and stock transfers, will be charged to you and these will be indicated on the Confirmation for each trade.

Other fees and charges payable will be advised to your FSP at the time of your trade; e.g. for International securities trades additional fees may apply and also the exchange rate movements will affect the final price for financial products.

For further details of all other fees, please refer to the Fee schedule.

Lodgement, Application, Acceptance Incentives and Trailing Commissions

If your FSP applies on your behalf for financial products by way of a PDS or Disclosure Document (e.g. a Prospectus), and your application is stamped by us and is accepted, we will usually receive an application/lodgement fee from the issuer in the range of 0.5% - 3% of the value of the application. **PCL** may also receive Acceptance Incentives to encourage clients to accept a takeover or other offer. These range between 0.5% - 6% of the value of acceptance.

All these are disclosed in the product's PDS, Disclosure Document or by us when providing advice.

Special Advice

PCL may charge for specialist advice. The fee would be negotiated with your FSP before we commence work.

Other Benefits - interests in Financial Products that **PCL** or our Dealer(s) may have

When we provide Product Advice, we are obliged to disclose any interest(s) our Dealer(s), **PCL** or any associate has that may reasonably be capable of influencing that Product Advice.

Other Benefits – Underwriting, Sub-underwriting and other Corporate Fees

If we act as underwriter or sub-underwriter, we will usually receive a fee in the range of 0.2% to 6.0% (i.e. up to 6% of the total funds raised). The Underwriter pays sub-underwriters from their fee. **PCL** would also receive lodgement fees (as described above) for client applications. If we facilitate a successful placement, **PCL** would usually receive a fee in the range of 0.2% to 5% of the funds received by the issuer.

Fees or Other Rebates or Benefits payable to Referrers

The Service Agreement with **PCL** enables your FSP to receive a set proportion of any fees or brokerage you pay to us above **PCL**'s minimum brokerage charge or that we receive directly from issuers as a result of handling your IPO/new issue applications.

For example, the following is based on a Service Agreement with your FSP which allows for a 50% rebate and a brokerage rate of 1% (**PCL**'s minimum charge is \$60.00):

Value of Transaction	Brokerage Charged (1%)	Brokerage retained by PCL	Brokerage rebate to your FSP
\$2,000.00	\$60.00	\$60.00	N/A
\$10,000.00	\$100.00	\$60.00	\$40.00
\$15,000.00	\$150.00	\$75.00	\$75.00

Detail of remuneration and other benefits can be requested

Because our service DO NOT include providing Personal Advice (i.e. they are limited to dealing or General Advice), you are entitled to ask your FSP to request detailed particulars from **PCL** of the remuneration or other benefits we will receive if you use a particular service but that request must be made within a reasonable time after you receive this FSG and before any service is provided to you.

L. Professional Indemnity Insurance Cover

PCL has in place Professional Indemnity Insurance which satisfies the requirements of Section 912B of the Corporations Act. Section 912B relates to Retail Client compensation arrangements.

In very general terms, Section 912B requires **PCL** to have arrangements for compensating a Retail Client for loss or damage suffered because of breaches by **PCL**, or by our representatives/employees, of obligations under Chapter 7 ('Financial Services and Markets') of the Corporations Act, including losses caused by negligence, fraud, dishonesty or other misconduct that amounts to a breach of Chapter 7 and gives rise to a liability to a Retail Client.

Section 912B also requires our arrangements to cover our liability to a Retail Client for an award (i.e. a compensation order) made in favour of that Retail Client by AFCA (see Section K), an ASIC-approved External Dispute Resolution Scheme of which we are a member.

The Professional Indemnity Insurance we have in place will cover claims in relation to the conduct of representatives/employees who no longer work for **PCL** but who did at the time of the relevant conduct.
